# **Material Analysis**

Buro Seating acknowledges its responsibility to develop environmentally sustainable products and business practices and consequently is committed to growing our range of chairs which are manufactured from recycled and/or recyclable materials. Buro's environmental management system (EMS) provides the framework for managing our environmental strategy;

#### MAIN PRINCIPLES

- To design products and processes that utilize minimal raw materials.
- To design products with a minimum end of life recyclability of 80% in NZ and Australia.
- To reduce, reuse and recycle waste.
- To develop an understanding of legislation relating to the environment and affecting the activities of our company.

Buro is committed to developing a "cradle to grave" process for all seating products wholesaled in NZ and Australia.

GUARANTEE CLAIMS MUST BE SUPPORTED BY A PROOF OF PURCHASE FROM AN AUTHORISED BURO DEALER.

# CONDITIONS OF USE: CARE & MAINTENANCE

BURO MEG CHAIR:

Polypropylene.

Notice: Polypropylene is a very durable and adaptable raw material. However, like all quality finishes, they require special care. The best method for cleaning polypropylene is washing with a mild soap, water and a soft cloth, sponge or extra soft bristle brush.

Warning: Do not use solvents such as acetone, contact cleaners, thinners or Methyl Ethyl Ketone (MEK) to clean Polypropylene surfaces. These solvents will soften and/or dissolve polypropylene surface, diminishing its shine and durability or removing the finish altogether. To maintain the appearance of this product, wipe surfaces with a clean, non-abrasive cloth dampened with a mild detergent solution. Treat spills and stains as soon as possible. Do not shampoo or clean with a hot water extraction machine. Do not clean with onsite dry cleaning machine.

Buro does not guarantee its finishes with the use of any solvents other than soap and water. All polypropylene components are inspected for quality and uniformity of finish prior to assembly and delivery. Buro assumes no responsibility for nicks, cuts, scratches or any other kind of damage to MEG chair components caused by normal fair wear and tear, abusive use or improper use which contravenes Buro's strict Guarantee Terms & Conditions/Care & Maintenance instructions.
