## Ergonomic Assessment.

The Buro Polo has been ergonomically assessed by Andrew Wilson, Osteopath & Ergonomist.

*"The addition of extra foam depth and the live seat on this stool makes it very comfortable and versatile. It is a very comfortable, easy-to-use, and space-efficient stool which will have wide appeal. Its great advantage over other perching stools is you can sit on it comfortably in any position - it doesn't need to be centered".*

# Buro Product Stewardship Programme.

We encourage repurposing and recycling of pre-loved office furniture to reduce our impact on the environment. When a customer has Buro furniture\* that they wish to dispose of, we apply the following steps to determine the most appropriate method.

To mitigate our CO2 footprint over the next 50 years, we're working with **Trees That Count**, a conservation charity dedicated to planting native trees.

By funding the planting of native trees, we're supporting efforts to increase biodiversity across New Zealand.

**Buro** proudly support **Greening Australia**.

Greening Australia has been restoring Australia's unique landscapes and protecting biodiversity at scale through collaborative, science-based programs for over 40 years.
